

THE DOMETIC KITCHEN COLLECTION

TREASURE TROVE FOR CREATIVE VEHICLE DESIGNERS

Designing a functional kitchen in the confined spaces of a recreational or utility vehicle takes creative ideas and the “hardware” to match. From now on you can spare the effort of screening the market for suitable products. All you need to realise your kitchen concepts is here, in the Dometic range – from hobs to fully-fledged ovens, from

sinks to cooker hoods. And in various different sizes, shapes and design options. Dometic appliances add value to mobile kitchens and pleasure to cooking on wheels. Take your pick from a collection that makes mobile living easy.

OVENS, HOBS & SINKS

Do you want to equip a mobile kitchen? Dometic gives you a wide choice of options: hobs, sinks and space-saving combinations, ovens and fully equipped stoves. For free-standing use or for permanent installation.

PAGE 200 – 207

KITCHEN ACCESSORIES

Taps and siphons for Dometic sinks, a waste bin with a safety glass cover, and a practical device for indicating the fill level of gas bottles – you’ll find it all in our accessory collection.

PAGE 208 – 209

COOKER HOODS

Fresh air in the vehicle: Dometic cooker hoods quickly remove cooking fumes. They do their job just as well as a domestic cooker hood – with integrated lights, easy controls and a washable grease filter.

PAGE 210 – 211

GALLEY EQUIPMENT

Our best-selling hobs and ovens for marine use – all powered with gas, because it is the fastest and most convenient way to cook afloat. Check dometic.com for more inspiration.

PAGE 212 – 213

VEHICLE KITCHEN APPLIANCES

For a steady supply of hot drinks on board: Mobile coffee machines and an electric kettle – all handy to use and absolutely roadworthy.

PAGE 214 – 217

Admittedly, kitchens in motorhomes, caravans, boats, trucks and vans are far smaller than a home kitchen, but they can be just as well equipped. Dometic offers everything required. Choose from a hand-picked collection of cookers, ovens, sinks and hob-sink combinations.

Some models have a heat-resistant glass lid that can be folded down when the cooking is done to extend the worktop areas. It's just one example of how smart Dometic products help make the best possible use of the available space.

DOMETIC OV 1800

4.30

Oven

	Voltage	12 volts DC (electric ignition)
	Output	1.1 kW
	Gas consumption	80 g/h
	Gas supply pressure	30 mbar
	Oven capacity	18 litres
	Quality Features	Heat-resistant and panoramic glass door, thermostat, electronic 12-volt ignition, interior light, bottom-hinged door, enamelled baking tray, stainless steel rack
	Weight	13.7 kg
Dimensions (W x H x D)		410 x 311 x 490 mm
Built-in dimensions (W x H x D)		398 x 360 x 490 mm
Product	Ref. No

	AC 557 Siphon, double waste fitting, Ø 25 mm	9102300086

Excellent performance, compact design and low-noise operation are the hallmarks of our CK-series exhaust cooker hoods. Their powerful 12-volt fan motor is integrated in the roof dome, outside the kitchen space. This gives a slim cooker hood design and makes for superbly quiet operation.

The CK 150 built-in model uses a one-speed fan with a capacity of 115 m³/h, while the CK 400 comes with a two-speed fan (70 or 125 m³/h). The CK 500 exhaust cooker hood meets the highest demands on comfort. A finger touch on the elegant control panel of heat resistant glass is enough to set the fan speed, clock time and lighting. The front panel, the hygienic stainless steel surfaces and the 5-layer metal grease filter are easy to clean.

DOMETIC CK 500

3.36

Built-in exhaust cooker hood with 3-speed fan

	Voltage	12 volts DC
	Capacity	max. 100 m ³ /h
	Power input	35 watts
	Weight	3 kg
	Dimensions (W x H x D)	530 x 60 x 204 mm (+16 mm for the exhaust hose adapter)
	Roof cutout (Ø)	110 mm
	Roof dome dimensions (H x Ø)	72 x 190 mm
	Roof thickness	from 25 mm
	Length exhaust hose	1,20 m incl. mounting kit for exhaust hose Ø 60 mm
	Quality Features	LED lighting (3 watts, warm white, energy efficiency class: A, energy consumption in 1000 hours.: 3 kWh)
Product	Ref. No	
Dometic CK 500*	9106506287	

*The cooker hoods shown are designed for use in leisure accommodation vehicles and not for use in homes.

MOBILE KITCHEN DEVICES

COFFEE MAKERS, ELECTRIC KETTLES AND MICROWAVE OVENS

Many professional drivers appreciate having their own kitchen equipment on board, because it saves time and makes them more independent. They simply pack enough food and drinks for the journey and can always prepare something hot when they stop for a break: coffee, tea, cappuccino, instant soup, or even a small meal.

The Dometic cooking range includes many well-proven gadgets for vehicle kitchens: coffee makers, an electric kettle and even a microwave oven. All devices are specially designed for mobile use. They come with the right connection, and with accessories for safe and secure installation in the vehicle.

DOMETIC PERFECTCOFFEE MC 01
