## TB25AM

The built-in series for commercial vehicles and coaches meets the most diverse market requirements in terms of size, finish and ease of use.

The TB25AM is the compressor refrigerator for OEM installation on board the Mercedes Actros MP2/3. Its ideal location is in the housing under the driver's bunk, which optimizes space inside the truck cab. The refrigeration unit is equipped with an anti-tilt system. The refrigerator has a capacity of 25 litres, manual thermostat, internal light and magnetic hinges with hermetic closure. Installation is quick and easy.

## Technical features

|                 |                 |                         |             |
|-----------------|-----------------|-------------------------|-------------|
| Capacity (L)    | 25              | Dimensions (HxWxD) (mm) | 219x554x451 |
| Net weight (kg) | 12              | Consumption (kWh/24h)   | -           |
| Voltage (V)     | DC 12, DC 24    | Power absorption (W)    | 45          |
| Refrigerant gas | R134a           | Climate class           | N           |
| Certifications  | CE, E-mark, EMC |                         |             |
